INTRODUCTORY SECTION

ANNUAL FILING AFFIDAVIT

THE STATE OF TEXAS COUNTY OF HARDIN

I, Jack Maddox of the
(Name of Duty Authorized District Representative)

Hardin County Water Control and Improvement District #1
(Name of District)

hereby swear, or affirm, that the district named above has filed copies of its annual audit report of the fiscal year or period ended December 31, 2019 in the district office and with the city or county listed below.

The annual filing affidavit and the attached copy of the audit report are being submitted to the Texas Commission on Environmental Quality in satisfaction of the annual filing requirements of Texas Water Code Section 50.374.

Hardin County
(Name of City or County where audit report is filed)

Date: 6/16/20

By: [Signature]

Jack Maddox, President of Board
(Typed Name & Title of Above District Representative)

Sworn to and subscribed to before me this 16th day of June, 2020

[Signature]
(Signature of Notary)

My Commission Expires On: 12/04/2022
Notary Public in the State of Texas

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Hardin County Water Control and Improvement District #1

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Hardin County Water Control Improvement District #1, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Hardin County Water Control Improvement District #1, as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4-6 and 17 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Hardin County Water Control Improvement District #1's basic financial statements. The Texas Supplementary Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison schedule is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedule is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Texas Supplementary Schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Mitchell T. Fontenote CPA, Inc.

Our discussion and analysis of the financial performance of the Hardin County Water Control and Improvement District #1 (the "District") provides an overview and analysis of financial activities for the fiscal year ended December 31, 2019. Please read it in conjunction with the District's financial statements, which follows this section.

Financial Highlights

The District's net position increased by \$1,014,162.

During the year, the District's revenues increased by \$836,975 and operating expenses increased by \$61,924.

Total service revenue collected during the year were \$256,126. Interest and penalties on collections was \$4,352.

Using This Annual Report

This annual report consists of a series of financial statements: The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and present a longer-term view of the District's finances. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending.

Reporting the District as a Whole

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that help answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position and changes in them. *Net Position* represents the difference between total assets and liabilities and is similar to the total owners' equity presented by a commercial enterprise. The changes in the District's net assets are one way to measure the District's financial health, or *financial position*. Over time, increases or decreases in the District's net position is an indicator of whether its *financial health* is improving or deteriorating. Other nonfinancial factors, such as changes in the District's property tax, also impact the *overall health* of the District.

Overview of the District's Financial Position and Operations

The District's net position increased by \$829,311 during the fiscal year. Unrestricted net position (the part of net position that can be used to finance day-to-day operations without constraints on established debt covenants, enabling legislation, or other legal requirements) was \$620,735 at December 31, 2019.

General Fund Budgetary Highlights

The District did prepare an annual operating budget for fiscal year 2019.

Capital Assets

The District's investments in capital assets as of December 31, 2019 were \$4,497,527 (net of accumulated depreciation and amortization and related debt). This investment in capital assets includes land, a water treatment plant, transmission lines, and capitalized charges. There were no material changes in Plant in Service during the year (excluding depreciation).

Debt Administration

During the year, the District paid down debt of \$307,500 on bonds.

Requests for Information

This financial report is designated to provide a general overview of the District's finances for our customers, taxpayers, and bondholders, and other interested parties. The accompanying notes are an integral part of this financial statement.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Hardin County Water Control & Improvement District #1 (the “District”) is water district governed by the applicable laws and regulations of the Texas Water Code. It is governed by a five member Board of Trustees (the “Board”) elected by registered voters of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies.

REPORTING ENTITY

The Board of Trustees (the “Board”) is elected by the public and it has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by the Governmental Accounting Standards Board (“GASB”) in its Statement No. 14, “The Financial Reporting Entity.” There are no component units included within the reporting entity.

DISTRICT-WIDE FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are district-wide statements. The District does not have any business type activities or fiduciary funds. All tax revenue, interest income, and any other income is used to support the programs of the District. Enterprise funds (a type of proprietary fund) are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounting for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the Statement of Net Position. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current position. All governmental fund types use the modified accrual basis of accounting. Under the modified accrual basis of accounting revenue are recognized when susceptible to accrual (i.e., when they become both measureable and available). “Measureable” means the amount of the transaction can be determined and “available” means collectible with the current period (30 days). The District considers property taxes as available if they are collected within the period. Expenditures are recorded when the related fund liability is incurred. The District reports deferred revenue on its Statement of Net Position. Deferred revenues arise when potential revenue does not meet both the “measureable” and “available” criteria for recognition in the current period.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

CASH AND CASH EQUIVALENTS

The District defines cash equivalents as cash and short-term, highly liquid investments that are readily convertible to known amounts of cash and so near maturity that they present insignificant risk of changes in value because of changes in interest rates. Cash equivalents are stated at cost; which approximates market value.

PROPERTY, PLANT, AND EQUIPMENT

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their estimated fair value on the date donated. Repairs and maintenance are recorded as expenditures, renewals and betterments are capitalized. The District does not possess any infrastructure assets.

<u>Assets</u>	<u>Life</u>
Machinery & Equipment	20
Buildings	30
Amortization of Organizational & Engineering Costs	40
Water & Sewer Systems	50

USE OF ESTIMATES

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

SECURITY DEPOSITS

The District required security deposits to be paid in order for residents to obtain services. These deposits are refunded after two years if the customer has not been delinquent. The amount of the refund is to be determined by the Board and given as credit on the customer's bill.

DEBT ISSUE COSTS

The District capitalizes all debt issue costs and amortizes the costs over the life of the debt using the effective interest method.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd**PROPERTY TAXES**

Property taxes are levied on October 1st by the District based on the January 1st property values as assessed by the Hardin County Appraisal District. Taxes are due without penalty until January 31st of the next calendar year. After January 31st the District has an enforceable lien with respect to both real and personal property. Under state law, property taxes levied on real property constitute a perpetual lien on the real property which cannot be forgiven without specific approval of the State Legislature. Taxes applicable to personal property can be deemed uncollectible by the District.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position**

The governmental fund balance sheet includes and reconciliation between total governmental fund balances and net position of governmental activities as reported in the government-wide statement of net position. The following is an explanation of the reconciliation:

Capital Assets – When capital assets (land, building, water and sewer facilities, equipment) that are to be used in governmental activities are purchased or constructed, the cost of those assets are reported as expenditures in governmental funds. However, the statement of net position includes those capital assets of the District as a whole. The details of this adjustment are as follows:

Net Capital Assets	4,497,527
	\$ 4,497,527

Long-term Liabilities – Long-term liabilities applicable to the District's activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities, both current and long-term, are reported in the statement of net position. The details of this adjustment are as follows:

Deferred Outflows	(71,518)
Bonds Payable	1,620,000
	\$ 1,548,482

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS, Cont’d

Explanation of differences between governmental fund operating statements and statement of activities

Differences in governmental fund operating statements and the statement of activities arise primarily from the long-term economic focus of the statement of activities versus the current financial resources focus of the governmental funds. The effects of the differences are as follows:

Property Taxes	<u>(88,475)</u>
	<u>\$ (88,475)</u>

When capital assets that are used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures of governmental funds. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balance decreases by the amount of financial resources expended, whereas net position decreases by the amount of depreciation charged for the year. The details of these differences are as follows:

Depreciation Expense	<u>211,132</u>
	<u>\$ 211,132</u>

Repayment of bond principal is reported as an expenditure in governmental funds and thus, has the effect of reducing the fund balance because current financial resources have been used. For the District as a whole, however, principal payments reduce liabilities in the statement of net position and do not result in an expense in the statement of activities. Principal payments on the bonds made during the year were \$270,000.

The capital acquired from issuing new bonds is reported as other sources of funds in governmental funds, this has the effect of increasing fund balance. For the District as a whole, however, the outstanding balance of bonds is reported as a long-term liability along with any premium or discount associated with the bond. The details of these differences are as follows:

Long-term debt	(1,645,000)
Premium or Discount on Issuance of Bonds	<u>(25,000)</u>
	<u>\$ (1,670,000)</u>

NOTE 3 – DEPOSITS AND INVESTMENTS

The funds of the District must be deposited and invested under the terms of a contract, contents of which are set out in the **Depository Contract Law**. The depository bank places approved pledged securities for safekeeping and trust with the District’s agent bank in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract.

NOTE 3 – DEPOSITS AND INVESTMENTS, Cont'd

The District does not pool cash and investments. Instead, the District maintains separate cash accounts, in the form of checking and/or savings accounts, for each fund.

The Public Funds Investment Act requires an annual audit of investment practices. With the exception of communicating the District's investment policy to the depository bank and periodic investment reporting, audit procedures in this area disclosed that in the areas of investment practices, management reports, and establishment of appropriate policies, the District was in substantial compliance with the requirements of the Act.

Cash and investments were covered by FDIC insurance and pledged securities throughout the year.

The following is disclosed regarding coverage of combined balances on the date of the highest deposit:

1. Name of Bank: **BBVA COMPASS BANK, Beaumont, TX**
2. The cash balance at the bank at the end of the year was \$693,269
3. The cash balance per books at the end of the year was \$665,214
4. Total FDIC coverage at the time of the largest combined balance was \$500,000. The amount not covered by FDIC insurance at the end of the year was \$193,269.
5. The amount not covered by FDIC insurance is covered by pledged securities.

Both cash deposits and investments held at financial institutions can be categorized according to three levels of risk. These three levels are as follows:

- Category 1 – Insured, registered, or held by the District or by its agent in the District's name
- Category 2 – Uninsured and unregistered held by the financial institution's trust department or agent in the District's name
- Category 3 – Uninsured and unregistered held by the financial institution, its trust department or agent, but not in the District's name

Based on these three levels of risk, all of the District's investments are classified as Category 1.

NOTE 4 – ACCOUNTS RECEIVABLE

The District considers account receivables to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operating expenses when that determination is made.

NOTE 5 – TAXES RECEIVABLE

Property taxes receivable are offset by deferred revenues in the financial statements at December 31, 2019

NOTE 6 – CHANGES IN FIXED ASSETS

Capital asset activity for the District for the year ended December 31, 2019, was as follows:

	Balance 1/1/2019	Additions	Deletions	Balance 12/31/2019
Capital Assets				
Land	\$ 33,126	\$ -	\$ -	\$ 33,126

NOTE 7 – BONDS PAYABLE

Bonded indebtedness of the District is reflected in the Statement of Net Position. Current requirements for principal and interest expenditures are accounted for in the Debt Service Fund. The District issued Series 2012 Unlimited Tax Refunding Bonds in the amount of \$2,425,000. The District issued Series 2014 Unlimited Tax Refunding Bonds in the amount of \$1,250,000. A summary of changes in general long-term debt for the year ended December 31, 2019 is as follows:

Description	Interest Rate Payable	Interest Current Year	Amounts Outstanding 1/1/2019	Issued	Retired	Outstanding 12/31/2019	Amount Due In One Year
Bonds:							
Series 2012	2.60%	34,320	1,240,000	-	165,000	1,075,000	170,000
Series 2014	2.00-4.00%	20,620	715,000	-	145,000	570,000	30,000
Other Long-Term:							
Discount on Bonds		-	(27,500)	-	(2,500)	(25,000)	(2,500)
Total		<u>\$ 54,940</u>	<u>\$ 1,927,500</u>	<u>\$ -</u>	<u>\$ 307,500</u>	<u>\$ 1,620,000</u>	<u>197,500</u>

NOTE 7 – BONDS PAYABLE, Cont’d

A summary of the annual requirement for bonds outstanding is as follows:

Year Ended December 31,	Principal	Interest	Total Requirements
2020	200,000	41,125	241,125
2021	210,000	35,784	245,784
2022	215,000	30,153	245,153
2023	220,000	24,338	244,338
2024	225,000	18,363	243,363
Thereafter	575,000	27,975	602,975
Total	<u>\$ 1,645,000</u>	<u>\$ 177,738</u>	<u>\$ 1,822,738</u>

NOTE 8 – RESERVATION OF FUND BALANCE

In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Governmental Fund Type Definitions, the District classifies governmental fund balances as follows:

1. Non-Spendable – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints. The District has \$0 classified as Non-Spendable.
2. Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation. The District has \$296,692 classified as Restricted.
3. Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end. The District has \$0 classified as Committed.
4. Assigned – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the District. The District has \$0 classified as Assigned.
5. Unassigned – includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds. The District has \$460,105 classified as Unassigned.

The elected Board of Trustees for the entity has the authority to commit, assign, and restrict fund balances. In some instances, a restriction is a result of meeting contractual or otherwise legal requirements, for example, debt service requirements contained in the bond covenant.

NOTE 9 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and other various claims. The District purchases commercial insurance to indemnify it in the event of loss.

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 16, 2020. There are no instances that would require disclosure.

NOTE 11 – LITIGATION

None.

TEXAS REQUIRED SUPPLEMENTARY INFORMATION

NOTE 1 – CREATION OF DISTRICT

The Hardin County Water Control and Improvement District #1 was created November 18, 1963, under the authority of the Texas Water Commission and operates under Chapter 51 of the Texas Water Commission. The Board of Directors held its first meeting on November 25, 1963, and the first bonds were sold on March 1, 1964.

NOTE 2 – BASIS OF ACCOUNTING

(The District's basis of accounting is covered in Notes to the Financial Statements.)

NOTE 3 – BOND INTEREST

The Unlimited Tax Refunding Bonds, Series 2012, were sold in August 2012 in the amount of \$2,425,000, with an interest rate of 2.6%. Interest is payable semi-annually February 15 and August 15. Principal payments are due February 15. This 2012 Issue was used to pay off the entire balances of the 1996 and 2004 bond issues.

The Unlimited Tax Refunding Bonds, Series 2014, were sold in July 2014 in the amount of \$1,250,000, with an interest rate of 2.00-4.00%. Interest is payable semi-annually February 15 and August 15. Principal payments are due February 15. This 2014 issue was used to make improvements to the water wells.

NOTE 4 – PLEDGE OF LEVY AND TAXES

For each year while any Bond is outstanding and the District remains in existence, there shall be and is hereby levied and assessed a continuing direct annual ad valorem tax upon each \$100 valuation of taxable property within the district at a rate from year to year sufficient, together with revenue and receipts from other sources which are legally available for such purposes: (i) to pay interest on the Bonds as it becomes due: and (ii) to provide a sinking fund for the payment of the principal of the Bonds when due or the redemption price at any earlier required redemption date, full allowance being made for anticipated delinquencies. The District shall timely assess and diligently collect such tax and apply the collections thereof solely as provided herein. Each order of the Board of Directors levying and establishing the rate of ad valorem taxes shall specify the portion of such rate levied to pay the debt service requirements on obligations of the District payable from the Bond Fund and the portion, if any, of such rate levied for operating and maintenance purposes, and all and all collections of ad valorem taxes, including penalty and interest attributable thereto, and all expenses of assessing and collecting such taxes, shall be allocated among such purposes in proportion to the respective levies in the tax year with respect to which such taxes are owed. In the absence of any specification to the contrary in the order of the Board of Directors levying and establishing the rate of ad valorem taxes, the entire amount of such taxes for such year shall be deemed to have been levied to pay the debt service requirements on obligations of the District payable from the Bond Fund.

NOTE 5 – COMPLIANCE WITH DEBT SERVICE REQUIREMENTS

The District is in compliance with their bond indenture requirements.

Each fund shall be kept separate and apart from all other funds of the District. The Bond Fund shall constitute a trust fund which shall be held in trust for the benefit of the owners of the Bonds. All other funds shall be used solely as provided in this Order until all of the Bonds have been retired, both as to principal and interest.

Operating Fund. The Operating Fund shall comprise the funds of the District for operating and maintaining the System and paying general and administrative expenses of the District. The District shall deposit to the credit of the Operating Fund all income or increment which may grow out of the ownership and operation of the System unless derived from contracts with other persons, including private corporations, municipalities and political subdivisions which, under the terms of the authorizing orders, may be pledged for the requirements of the District’s revenue bonds issued particularly to finance the facilities needed in performing any such contracts, and the District may deposit to the credit of the Operating Fund such other income or receipts of the District not otherwise required to be applied by this Order. The Operating Fund shall be used solely to: (i) pay all reasonable expenses of the administration, efficient operations and adequate maintenance of the System; (ii) transfer from time to time any excess to the credit of the Bond Fund when needed to pay the obligations of the District payable therefrom; and (iii) to the extent the balance of the Bond Fund and tax collections available for deposit thereto are sufficient to pay when due the obligations of the District payable from the Bond Fund, to pay any other expense of the District.

Bond Fund. The Bond Fund shall comprise the interest and sinking fund of the District. The District shall deposit to the credit of the Bond Fund: (i) accrued interest on the Current Interest Bonds from their date to the date of their delivery; (ii) collections of District taxes to the extent provided in “Operating Fund” section hereof; and (iii) amounts transferred from the Operating Fund to the extent provided in the first paragraph of the section. The Bond Fund, including interest earnings or amounts deposited therein, shall be applied solely to pay the principal or redemption price of an interest on the Bonds when due, the fees of the Paying Agent/Registrar and to pay when due any other bonds or notes of the District payable in whole or in part from taxes.

NOTE 5 – ENGINEERING REPORT

No requirements.

NOTE 6 – WATER AND SEWER RATES

\$35	0 – 5,00 Gallons
\$7	5,000 – 8,000 Gallons
